NOTICE OF RACE

MONACO E-SAILING CHAMPIONSHIP

Your team of instructors at the Yacht Club de Monaco are proposing an E-sailing Championship on the Virtual Regatta Inshore app. A key objective is to keep in contact with all of you during this period of confinement – and to give you an opportunity to party at a prize-giving event when normal service resumes at the Yacht Club! The regatta is on J/70s.

Programme:

Sunday, 5th, 12th and 19th April (starting 6.00pm) Qualifier rounds

Sunday 26th April (starting 6.00pm) Final rounds

Format:

The Championship comprises qualifier rounds and final rounds.

Races will take place every Sunday evening from 6.00pm (with starts every 15 minutes) and will be run to time, so **make sure you connect a few minutes before.**

Qualifier rounds:

Depending on the number who sign up, two (or more) groups of 20 contestants maximum will be created. The groups will be moved around at the end of each day's racing.

Final rounds:

These will take place on Sunday 26th March (four races per group). The groups will be divided into Gold, Silver and Bronze.

Ranking

The ranking will take into account all races (nine for the qualifiers and four in the finals), discounting the worst one in the qualifiers and the worst one in the finals.

Communication:

All information on results, groups distribution, race schedules, etc. will be sent via WhatsApp.

Prizes:

All those who sign up will be invited to a prize-giving party where the first three will be presented with awards. Other prizes may be awarded at the discretion of the organising committee.
