guest capacity** 14

Widely regarded as the most elegant explorer of her generation, the magnificent PROMETEJ will be present in the marina of the Yacht Club de Monaco. Harmoniously combining Italian style with robust Oriental build quality, she represents a perfect blend of grace and power, ready to embark on exciting new adventures with a new owner.

Originally built by the renowned Romanian shipyard Santierul Naval Galati, PROMETEJ began her journey as a fearsome icebreaker. In 2002, a passionate owner decided to transform her. Undergoing a complete rebuild, PROMETEJ was relaunched in

2005 as a reborn yacht, with a further complete refit in 2022 elevating her to new heights of sophistication.

Today following a complete rebuilt maintains all the strength and seaworthiness a new Owner would expect. She boasts 7 splendidly appointed staterooms, including a full private Owner's deck, plus sophisticated guest areas including a sauna and private massage room, lavish decks, and a stylish salon. Graceful and powerful, she has been re-powered with a strong pair of heavy-duty Mitsubishi engines (940 hp).

She is ready for daring new adventures
