Gross Tonnage 112

Refit/Rebuilt : 2021

Hull Type :

Displacement

Type of Stabilizers:

Beam 7.7 m

Shipyard Reha umut
Kacali

Flag Malta

Hull Materials Steel

Exterior Design :
Marc

Maximum Crew
Capacity 6

Draft 2.30 m

Launch Year 2012

Deck Materials
composite Steel

Range: 2 200 nm

Maximum overnight
guest capacity 9

Delivered in 2008 and built for a family of passionate divers, U BOAT NAVIGATOR is the ultimate motor yacht for diving adventures. Her latest refit operated during the Autumn 2020 enhanced even more her current capacities. Her amenities are state-of-the-art. Among them: a professional dive centre with tri-mix facilities for mixing breathing gases, a decompression chamber for 4 to 6 guests, a jet ski and tender are awaiting you on board.

U BOAT NAVIGATOR and her crew have completed over 500 dives in the Mediterranean, exploring all known wreck sites around Malta and Gozo and discovering and mapping dozens of new underwater wrecks and relics

The M/Y U BOAT NAVIGATOR is also involved in a large number of scientific projects organized in collaboration with universities/laboratories to better understand the deep sea.

Here are a few articles from the scientific press on the missions undertaken
